TUTORING FOR VETERANS. Few veterans are aware that, under a provision of the GI-education law passed last year, they can hire a tutor at Government expense if they are studying under the GI Bill and need one to pass a required course. Veterans Administration will allow up to $50.00 a month for a maximum of nine months to pay for it. These tutorial fees are in addition to the regular monthly education check the veteran receives, and are not chargeable to his basic entitlement. To be eligible, the veteran must be enrolled under the GI Bill on a half-time or more basis. For more information contact the Business Office here or the VA office. R. Beal
