ITEMS OF INTEREST TO YOU FROM THE FINANCIAL AID OFFICE......PLEASE READ & SAVE

UPDATE FROM WASHINGTON: The most important input from the forum I attended in The District of Columbia at the end of February was the assurance from all of the Congresspersons I spoke with that they are not in favor of most of the President's proposals, especially that one making graduate students ineligible for Guaranteed Student Loans. (Those of you blessed with Federally Insured Student Loans are not effected by Mr. Reagan's proposals.) They will be working for us in this matter, even though it will be necessary to make large cuts in federal financing of education.

So, keep your eye on the newspaper and watch for the developments from proposals to final passing of Congress. Also, be sure to keep your eye on the financial aid bulletin board adjacent to the ice cream machine by the mailroom. Up-dates will be posted there along with deadlines for application to various aid sources.

APPLY FOR 82-83 AID NOW: Returning students who are U.S. citizens or permanent residents are to pick up SAACS (Student Aid Applications for California) in the financial aid office and send them to CSS as soon as possible. Awarding will begin in April and end when the money is all gone. New students may apply as accepted. All must be in regular status in their degree program, and full-time.

International students in the School of Theology who are on regular status may submit the institutional financial aid application. The computerized applications are only required when federal money is involved in the grants or loans, and all of those require citizenship or permanent residency.

Students from the School of World Mission or School of Psychology apply for aid directly to their schools.
