VETERAN OF OVER 200 TRIPS says:

"I had to do something always because I didn't want to be bored."

Mark, how did you become a Christian?

I was brought up in a Christian family. I was raised in a Baptist church and I'd say that probably around the age of 10 years old, I began asking questions about why I was turned the other way to Jesus. A Christian friend was there and he was going around with the Free Paper and I found it very rewarding to read it and start looking for something that I needed something and that I really wasn't really heavy and I was never really this, so I took drugs for drugs or for something which was a super-righteous life that is really genuine. No bummers or bad trips. No phony plastic toys that have kept you from living that super-righteous life. Make sense? Don't you think we've had enough crud thrown in our faces. I mean, it's pretty sickening to get rapped on for the way I was distributed freely among these STFizers, 2nd Campus, every stand and post office that only you can make for yourself. controlling your life. It's a heavy decision. Consider the possibilities of having His Spirit - He's gone through a lot to make His love tangible, matter of getting your own head together. It's a heavy decision.

How has Christ changed your life?

I want to accept Jesus as their Savior. I stood and during prayer, I asked Jesus to come into my life. I was baptised in the church there and so I became a Christian, but I didn't do the full routine as far as being committed was concerned. I was committed only in word, and not in action. I just went on with my old life. I didn't know how to do, to the point of any kind of real difference about what's cool and what isn't. Get the point? No difference. It was just me, so I took drugs for drugs or for something which was a super-righteous life that is really genuine. No bummers or bad trips. No phony plastic toys that have kept you from living that super-righteous life. Make sense? Don't you think we've had enough crud thrown in our faces. I was drinking alot, and I didn't do drugs (smoking) that much, but it was the only thing to get stoned on and I did it. I was stoned a lot.

We used a lot of other drugs besides acid, red and green, such as THC, MDA, mescaline, etc. People used to tell me if I didn't slow down I wasn't going to last and it didn't really matter. I've only got one life to live, and I'm only going to be young once, so I might as well do whatever trips I feel like getting into.

KEVIN, how and when did you become a Christian?

I really didn't become a Christian until this summer, but like I accepted the Lord last summer, and I fell completely away after I did, because I had no fellowship, no true Church, no true way of fellowship. I knew there was a Jesus, and I knew He died for me, but I wasn't willing to give anything up. I wanted to keep my way of life, and still believe in Him. It was just like I was getting so strong out and last December I was smoking weed and Polly, and it was up at P tabs of Acid. I've fallen completely into acid, I'd flipped a few times on Acid, I was going down hill.

Last Christmas, I felt guilty because it was Christmas and I had nothing in my heart, and now I know when you turn to the Lord. I was getting off Acid, and I completely flipped and had to be talked down. Then I knew I was searching and running away from the truth. I didn't know the Lord, and then this summer I was getting into a heavy sex, and that just washed me out, and like it was getting me nowhere, just on dope.

A friend talked me into going down to this woman's house, and I didn't know what it was or anything. I lived with, hummers and sprayed. Then this friend talked me into going down to this woman's house, and I didn't even know what it was. It was a church or anything, but it was a House of God.

I asked to be delivered from the demons of dope and alcohol, and the first time I went, I wouldn't open up enough, and I really needed to be saved, but Satan talked me out of it. About a month later, I went back to the same place in Redondo, and I asked the Lord, my Savior Jesus Christ, to just deliver me from dope and all the evils that surrounded it. He just came into me real heavy thru all the fellowship, and I knew He was there with everybody praying for me. I was on the ground, and I really knew I was a different person then. I had been saved and have had the desire to be right now because I was handed something before.

I was really thinking I was going to be happy but I never was.

How has Jesus changed your life?

Well, thru Jesus, I was healed of dope and alcohol. Now when things happen in my life that bother me, I don't get completely flipped out like before - like I was really an impossible person to be around, and I really had a bad temper. I took out all my frustrations on the people closest to me, and now the Lord has taught me to love everyone like I'm still human and sometimes I don't always do what I should but I know with Jesus, you grow every day.

Each day gets so much better. It's the only real thing that I have in my life, and I thank God for it everyday. I know that He's never left me, and He'll always be there - my heart is full of Him that I'm just praising the Lord everyday.
We have had a letter from your family saying that it is OK for you to come home. Julia Carder

Looking for that blessed hope, and the glorious appearing of the great God and our Savior Jesus Christ; who gave himself for us, that he might redeem us from all iniquity, and purify unto himself a people of his own, zealous of good works.
