GENERAL INFORMATION

HISTORY OF THE SEMINARY

From his sainted father, Charles E. Fuller received the vision of an institution for training Christian workers. Later, funds from his father's estate were put into a foundation for such a purpose. For several years the heart of Dr. Fuller was moved to attempt the organization of a missionary training institute, but this was apparently not God's plan. Finally, in 1946, when the vision had gradually clarified into the founding of a theological seminary, Dr. Fuller was led by God to ask Dr. Harold John Ockenga to undertake the responsibility of gathering together the faculty, setting the academic standards, and preparing the curriculum. The plans were completed early in 1947, after an extended meeting. The names of Wilbur M. Smith, Carl F. H. Henry, Everett F. Harrison, Harold Lindsell, and others, were suggested, and it was decided that if this basic faculty could be brought together it would be a sign that the Lord was blessing the plans.

Trustees in full harmony with the tenets of evangelical Christianity, sympathetic to the aggressive, positive viewpoint of Christian teaching, and ready to blaze a trail of responsible leadership, were prayerfully invited to participate. These were Herbert J. Taylor of Chicago, Arnold Grunigen, Jr., of San Francisco, and Dr. R. C. Logefiel of Minneapolis, who, together with Drs. Fuller and Ockenga, formed the original Board of Trustees.

The charter, including the power to grant degrees, was granted to the Fuller Evangelistic Foundation, by the State of California. In 1951 the Seminary was separated from the Foundation and incorporated in its own right.

So it was that in the fall of 1947, with the original four members of the faculty and thirty-seven students, the Seminary opened its doors. The faculty was gradually increased to sixteen full-time members, plus visiting lecturers and student teaching assistants, and the student body increased to nearly three hundred. President Ockenga continued to serve as President-in-absentia until
September, 1954, when he became Chairman of the Board of Trustees. Dr. Edward John Carnell served as president from 1954 to 1959.

In December, 1957, a little more than ten years after Fuller Theological Seminary had come into existence, it received full accreditation by the American Association of Theological Schools.

PURPOSE

The purpose of this professional school of higher learning is to offer Christ-centered instruction in any and all subjects pertinent to the gospel ministry, missions (home and foreign), and other related Christian activities.

While the Seminary stresses academic proficiency and strives toward the attainment of high intellectual ideals, the spiritual emphasis remains pre-eminent. It is the purpose of the institution to turn out men who are steeped in the Word of God and whose lives evidence their full commitment to the will of God in word and deed. At no point is the academic life permitted to supersede the spiritual life of the student.

The Seminary is wholeheartedly committed to the missionary program of the Bible which obliges the Church to take the gospel to the ends of the earth. Evangelism at home, Christian education at home and abroad, as well as an evangelical humanitarianism, are stressed.

Doctrinally the institution purposes to stand unequivocally for the fundamentals of the faith as taught in the Holy Scriptures and as believed by Christians through the ages. Consistent with this purpose, the Seminary formulated a statement of faith as expressed in the following propositions, to which every member of the Faculty subscribes at the beginning of each academic year. This concurrence is without mental reservation, and any member who cannot assent agrees to withdraw from the institution.
STATEMENT OF FAITH OF FULLER THEOLOGICAL SEMINARY

I. There is one living and true God, infinite in glory, wisdom, holiness, justice, power, and love, one in His essence but eternally subsistent in three Persons: Father, Son, and Holy Spirit.

II. The books which form the canon of the Old and New Testaments as originally given are plenarily inspired and free from all error in the whole and in the part. These books constitute the written Word of God, the only infallible rule of faith and practice.

III. God sovereignly created the world out of nothing, so that His creation, while wholly dependent upon Him, neither comprises part of God, nor conditions His essential perfection.

IV. God created man in His own image, in a state of original righteousness, from which he subsequently fell by a voluntary revolt, and as a consequence is guilty, inherently corrupt, and subject to divine wrath.

V. Jesus Christ, the eternal Son, possesses all the divine excellencies, being con-substantial and co-eternal with the Father and the Holy Spirit. In His incarnation He united to His divine nature a true human nature, and so continues to be both God and Man, in two distinct natures and one person, forever. He was conceived by the Holy Spirit, born of the Virgin Mary, exhibited His deity by manifold miracles, fulfilled the requirements of the law by His sinless life, suffered under Pontius Pilate, poured out His blood as a vicarious and propitiatory atonement for sin in satisfaction of divine justice, and on the third day was raised from the dead in the same body, now glorified. He ascended into heaven and now, seated at the right hand of God the Father, intercedes in glory for His redeemed.
VI. The Holy Spirit, eternally proceeding from the Father and the Son, through the ministry of regeneration and sanctification applies salvation, guides and comforts the children of God, directs and empowers the Church in fulfillment of the Great Commission, and convicts the world of sin, righteousness, and judgment.

VII. Salvation consists in the remission of sins, the imputation of the righteousness of Jesus Christ, the gift of eternal life and the concomitant blessings thereof, which are a free gift of God, and received by faith alone apart from human works or merit.

VIII. The Church consists of all those regenerated by the Spirit of God, in mystical union and communion both with Christ, the Head of the Body, and with their fellow-believers.

IX. At death the souls of the redeemed are made perfect in holiness and immediately enter into the presence of Christ, enjoying conscious fellowship with Him, there to await the resurrection of the body.

X. The Lord Jesus Christ will return bodily, visibly, and personally to conform believers to His own image and to establish His millennial Kingdom. He will judge the quick and the dead and will effect a final separation of the redeemed and the lost, assigning unbelievers to eternal punishment and believers to eternal glory.

LOCATION

Fuller Seminary is located in the heart of downtown Pasadena at Oakland Avenue and Ford Place. Here is the main building which houses the administrative offices, faculty offices, classrooms, refectory, temporary chapel, and the Seminary Library. The single students’ dormitories are situated on the same site. In other sections of the city are homes for married students. The institution is located in the center of a large metropolitan area with outstanding schools of higher learning, libraries, cultural interests, and work opportunities. The climate of Pasadena is ideal throughout the entire school year.
CULTURAL ACTIVITIES

The Los Angeles area is well known for its civic and cultural activities. Academic institutions like the University of Southern California, the University of California at Los Angeles, California Institute of Technology, as well as smaller liberal arts colleges and denominational schools serve the people of Southern California. The famed Huntington Library in San Marino is open to the public and makes available rich resources for scholarly research work in numerous fields.

In Pasadena proper, cultural activities in the fields of art, music, and literature provide excellent opportunities for those interested in these arts. The finest talent in America can be heard in Pasadena and Los Angeles. The Los Angeles Symphony Orchestra is well known and plays to thousands of people every year. Exhibits of famous artists, and art instruction provided by the community, are yearly attractions.

Pasadena, the home of the internationally-known Tournament of Roses, annually attracts close to a million people who watch the beautiful parade of flower-bedecked floats on New Year’s Day. Pasadena is noted for its splendid homes and gardens, and many estates are opened each year for all to enjoy.

Churches of every denomination care for the religious needs of the region, and during the year Christian leaders from all over America minister to men and women in evangelistic campaigns, special services, lectures, and other meetings.

DENOMINATIONAL AFFILIATION

The Seminary is independent and not controlled by any particular denomination. It exists as an inter-denominational organization with equipment to serve all the evangelical churches in America. The Seminary welcomes any evangelical student from denominational or independent sources providing the student meets the requirements of the Seminary for entrance.

THE LIBRARY

The Seminary Library owns more than 47,000 volumes, of which 41,764 are fully catalogued. The Wilbur M. Smith Library of Biblical Research, consisting of more than 24,000 volumes,
which has been legally and permanently assigned to the Seminary, brings the total holdings to over 71,000 volumes of theology and related sciences. In addition, members of the faculty make their libraries available to students for research purposes, so that students have access to more than 90,000 volumes.

The Library subscribes to many important journals in the fields of religion, philosophy, and psychology, both American and foreign. An unusually fine collection of reference material is being gathered.

The Fyens Stiftsbibliothek Collection of European Theology and the Dilworth Collection of Catholica and Anti-Catholic Polemic, with a total of more than 4,000 volumes, provide a sampling of older European works, many of which are not available elsewhere in America. The theological holdings of other libraries in the greater Los Angeles area total over a quarter of a million volumes, most of which are being listed in the Union Catalogue, a co-operative project of seven libraries, which is now housed in the Fuller Seminary Library.

The Seminary, under the supervision of the Speech Department and the Library, makes increasing use of audio-visual equipment and materials. A sound laboratory for the recording of sermons and practice speaking was recently installed, and a language laboratory with tapes in Biblical Hebrew as well as Modern Hebrew has been in use for several years. Representative phonograph records, tape recordings, filmstrips, microfilms, and pottery pieces from the Ancient Middle East are included in the audio-visual materials. The Library has a fine collection of radio transcriptions of The Old Fashioned Revival Hour and television kinescopes of The Old Fashioned Meeting.

THE PAYTON LECTURES

In memory of Dr. and Mrs. John E. Payton, the parents of Mrs. Charles E. Fuller, Fuller Theological Seminary instituted the Payton Lectures. The bequest provides for an annual series of lectures by a competent scholar. The lectures must fall within these areas: the uniqueness or confirmation of the historic Christian faith, the confutation of non-Christian or sub-Christian views, or the formulation of Biblical doctrines.
EVANGELISM GRANT

In 1955 the first chair of evangelism was set up in response to a gift which made possible the appointment of a professor of evangelism. The provisions of the grant envisioned the strengthening of the churches through the training of men, both theoretically and practically, who would later be able to serve in the specialized ministry of evangelism.

BOOKSTORE

The Seminary operates a bookstore for the benefit of the students. The store stocks textbooks, supplies, and books of general value to the ministry.

AFFILIATIONS

Fuller Theological Seminary is a member of the American Association of Theological Schools, and is fully accredited by this Association.

It is also a member of the American Schools of Oriental Research, the Academy of Religion and Mental Health, and an associate member of the American Association of Schools of Religious Education.

VETERANS TRAINING PROGRAM

The Seminary is cooperating fully with the program of educational rehabilitation sponsored by the Veterans Administration for returning service men. Students seeking enrollment under the "G.I." plan are expected to file an application for entrance in the same manner as other applicants. Application for the benefits of the government program is a separate item and should be made directly to any regional office of the Veterans Administration. This applies to P.L. 16, P.L. 346, P.L. 550, and P.L. 634.

ATHLETIC FACILITIES

Students are encouraged to spend sufficient time in physical activities so as to maintain their general health. The Seminary recognizes that a sound mind requires a sound body for maximum
spiritual effectiveness. Civic facilities are available close to the Seminary including a swimming pool, tennis courts, golf links, etc. Arrangements include the use of the facilities of the Pasadena Y.M.C.A.

WORK OPPORTUNITIES

For students who must provide a portion or all of their own expenses in connection with residence at the Seminary, there are opportunities available for secular work. The Seminary employs some personnel and around the city of Pasadena openings of a secular nature are found. A limited amount of pastoral and other church work is available, some of which is income-producing.

When entering the Seminary every student should have sufficient funds on which to live until he is able to secure gainful employment.

SCHOLARSHIPS

The Fuller Seminary Women’s Auxiliary grants a limited number of scholarships for foreign and American students. Each year the women provide, as they are financially able, scholarships covering eighty percent (80%) of the general expenses for a year’s study at the Seminary. Students receiving these scholarships are expected to provide the balance of twenty per cent (20%) for their general expenses during the academic year. All expenses during summer vacation and other school holidays and travel expenses to and from Pasadena are taken care of by the student.

The Women’s Auxiliary also provides scholarships which provide for forty percent (40%) of the student’s general expenses for a year’s study at the Seminary. The balance of sixty percent (60%) is the responsibility of the student to provide in addition to his travel expenses and summer and holiday living expenses.

Foreign students are eligible for these scholarships starting with their first (Junior) year and American students are not normally eligible until they have been in residence for one year.

In addition to the foregoing two types of scholarships, the Auxiliary provides a number of tuition scholarships for students who have been in residence for one year. All of the above scholar-
ships are granted on the basis of need, promise and Christian character.

All scholarship applications must be complete and in the hands of the Scholarship Committee by May 1st. Applications received later than the above date will not be considered until the following year.

In 1954 the Leonard A. and Ella B. Lindsell Christian Education Scholarship Fund was created in the amount of $1000.00, the income from which shall be used for scholarship aid for students who expect to enter the field of Christian Education.

In 1955 the Berachah Church Scholarship (Houston, Texas) was created in the amount of $1500.00, the income from which is to be used for scholarship purposes.

STUDENT LOAN AND SCHOLARSHIP FUNDS

A limited number of student loans are available which are repayable within a limited time. There is also a Student Aid Fund which is small but from which aid is given that does not carry the stipulation of repayment. These funds are dispensed on the basis of need, scholarship, character, and general promise.

In addition to the above there was established in 1958 the Charles E. Fuller Loan and Scholarship Fund. The purpose of this fund is to make loans to worthy students who would otherwise be prevented from continuing their seminary studies without difficulty. The loans are non-interest bearing until the student leaves the institution. At that time a small interest rate is charged. Repayment of the loans commences after graduation or leaving the institution. Information concerning the fund and application forms may be secured from the Business Manager.

STUDENT HANDBOOK

The Seminary issues a Student Handbook which is required reading for all students. Failure to familiarize oneself with the contents is not regarded as an excuse for breaches of the rules contained therein. The following rules are of particular concern to students before coming into residence.

Unmarried students are required to eat in the Seminary refectory
and live in Seminary dormitories except by special permission of the Dean of Students. Requests for exceptions must be in writing and should be in the hands of the Dean of Students prior to September 1st of the year in which the exception is requested.

Any student whose financial situation makes it imperative for him to secure secular or church employment of more than twenty hours per week must reduce his academic load accordingly.

FIELD ACTIVITIES

It is the policy of the Seminary to secure Christian service assignments for the students so that they may have the advantage of actual field work while they are learning the theories and principles underlying the work of the Christian ministry. A practical work department under the guidance and direction of a staff member makes specific assignments to students who do not have any other form of Christian service. Those who come from churches in the Pasadena area or who have found opportunities for Christian service obtained personally, clear their activities through the office of the Director of Practical Work. Every student submits a monthly report of his activities with the results. This field work is supervised so as to insure the maximum benefit for the prospective ministers and missionaries.

MEDICAL CARE

In 1951 the Seminary revised its medical plan, providing for specialized care. The cooperating physicians offer substantial discounts to the Seminary family as a Christian service. This wholehearted and generous contribution by these physicians has brought to the institution the highest type of professional service available in Pasadena.

Dr. John L. Jackson heads up the medical services and practices general internal medicine. When necessary he refers the students to other members of the staff for medical attention. Included in the group are: Dr. C. E. Carver, or Dr. George Macer, Obstetrics-Gynecology; Dr. William J. Tennison, Surgery; Drs. Harry O. Ryan and Ralph E. Netzley, Pediatrics; Dr. Philip A. Anderson, Proctology; Drs. L. G. Hunnicutt and Fordyce Johnson, Ear, Nose and Throat.
The Seminary has a two-bed infirmary at 115 North Oakland which is available for illnesses not requiring hospitalization. The Medical Insurance program of the Ministers Life and Casualty Union is required of all students unless they already have purchased equivalent coverage. The rates for the coverage are $24.00 for single students and $68.00 for married students with children.

CHAPEL

The public spiritual life of the Seminary centers in the chapel. Daily services are held, and every student is expected to attend. The Seminary welcomes to the chapel, and students and faculty are privileged to hear, Christian leaders and missionaries from all over the world. One chapel period each week is devoted to general prayer.

DEGREES OFFERED

Fuller Theological Seminary offers the Bachelor of Divinity degree for men, the conferring of which must be preceded by the attainment of a standard bachelor's degree on the college level. The Bachelor of Divinity degree is conferred upon the completion of the standard three-year theological curriculum at this institution, or upon completion of at least one year of residence work (in the Senior year) at the Seminary with sufficient transferable credit from some other standard theological seminary or seminaries. In some cases where so advised by his counselor a student's program will be scheduled for completion in four years.

The Bachelor of Sacred Theology degree is offered for women upon completion of the standard theological curriculum with the exception of certain courses (such as Pastoral Theology), for which substitutions are made. The conferring of this degree must be preceded by the attainment of a standard bachelor's degree on the collegiate level.

The Master of Religious Education degree is offered for men and women upon completion of the required curriculum. The conferring of this degree must be preceded by the attainment of a standard bachelor's degree on the collegiate level.
The Master of Theology degree is offered for students who hold the bachelor's degree on the collegiate level and also the Bachelor of Divinity degree or its equivalent from a standard theological seminary. This degree is conferred upon completion of the requirements as outlined elsewhere in the catalogue. However, this degree is not granted simply upon completion of course requirements, but includes the acceptance of a thesis demonstrating that the student can handle original research problems to the satisfaction of the faculty.

WOMEN STUDENTS

Fuller Theological Seminary admits to the institution women interested in professional graduate theological training. Recognizing the increasing need for adequate training for women in the theological field leading to positions of responsibility in other than the pastoral ministry, the Seminary offers work leading to the Bachelor of Sacred Theology degree. In the main the course of study required of students working toward this degree is the same as that required for the Bachelor of Divinity degree, except that substitutions are made in place of those required courses directly pertinent to the pastoral ministry. The Seminary does not grant the Bachelor of Divinity degree to women students.

The Seminary also offers a course of study in the field of Christian Education leading to the Master of Religious Education degree. The prescribed course of study in the catalogue presupposes that the candidate has already received a Bachelor of Arts degree or its equivalent. The course of study is two years in length.

GRADUATE SCHOOL

Fuller Theological Seminary inaugurated its Graduate School of Theology during the 1950-1951 school year, when students wishing to pursue studies beyond the Bachelor of Divinity degree were enrolled. Although graduate work may be offered later toward the Doctor of Theology degree, the offerings at present have in view only the Master of Theology degree. Announcements of any higher offerings will be made when the Seminary is ready to launch
this addition to its projected program. The credit value of studies pursued toward the Master's degree, when applied toward the Doctorate, will be determined on an individual basis by the department members in the division in which the higher degree is sought.

The Master of Theology degree involves a one-year residence program of studies for a total of 36 hours (12 hours each quarter) in addition to the meeting of specific departmental prerequisites. Of these hours, 24 are to be concentrated in the major department and 12 hours in the minor department (plus a two-hour non-credit course in Bibliography). The language requirements for the Master's degree include a working knowledge (as evidenced by either class study or by examination) of Hebrew and Greek, and a demonstrable working knowledge of an additional language useful in the area of concentration. A particular language may be specified by the major professor under whom the student is working. The language requirement must be met by successfully sustaining the examination on the date set during the first quarter. Failure to qualify by the end of that quarter will mean that the student concerned must discontinue class work from then on and concentrate on language study. If, however, a candidate for the Th.M. is to satisfy his residence requirements over a period of two years, he may, at the option of his faculty adviser, be permitted to pass his language requirement as late as the end of the second quarter of his first year of residence. Failure at the end of that term will necessitate discontinuance of class work as above provided. The requirements for the degree including residence work and thesis must be completed within the three-year period immediately preceding the granting of the degree, except in the case of missionaries on furlough and when special action is taken by the faculty.

Graduate majors are offered for the Th.M. degree in the fields of Old Testament, New Testament, Systematic Theology, Biblical Theology, Church History, and Christian Rhetoric. Minors are, of course, offered in all of the fields above mentioned. The major and minor selections may be made within a single division, or the minor may be chosen from some other division in which graduate work is at present offered or when it is offered later. The studies toward the Master's degree offer the candidate a skilled control of a given field of concentration, though not as thorough as the offerings
leading to the anticipated Doctor's degree. This ability is to be reflected in the fulfillment of the thesis requirement.

The subject of the Master's thesis is to be determined not later than Nov. 7 of the school year in which the degree is to be granted, and is to be approved by (1) the major professor, who will then recommend its approval to (2) the Graduate School Committee. The outline is to be approved by the major professor by Jan. 2, the rough draft by April 15, and the final draft by May 20. The thesis will ordinarily be counted for two hours' credit if approved in final form by May 20, although as much as four hours' credit may be given in the event of a thesis involving extraordinary research and originality. The Master's thesis in every case must show a grasp of the problem, familiarity with the authorities and sources, and proper application of research methods. The length of the thesis is to be determined by the nature of the project and consequently will be decided in conference with the major professor. The original and first carbon of the thesis must be deposited with the librarian. A binding fee to cover the cost of binding must be paid prior to graduation.

Graduate students are admitted to candidacy for the Master's degree on January 16, after meeting the following prerequisites: (1) Satisfaction of the language requirements; (2) Approval by the major professor of the thesis outline.

The course offerings which may be pursued for graduate credit are indicated in the departmental listings for each division in this catalogue. Additional information may be procured from the professors in the various departments in which the student may be interested.

Senior candidates for the Bachelor of Divinity degree may enroll for graduate courses only after they have secured the permission of the instructor in the course and have indicated at the time of registration that the course is being taken for graduate credit. Whether or not such courses, taken for graduate credit, may be applied later toward a Master of Theology degree depends upon the action of the Graduate School Committee when it acts upon the application of the prospective student for admission to the Graduate School.
TERMS OF ADMISSION

APPLICATION. A student desiring admission to the Seminary must file a formal application with the Registrar. Application should be made as early as possible. No student will be admitted later than two weeks after the opening of any quarter.

CREDENTIALS. In order to be enrolled as a student in the Seminary, the following credentials must be presented to the Registrar:

1. A college or university transcript from an accredited institution indicating the completion of a regular collegiate program of study. The collegiate standing is to be above average.

2. GREEK REQUIREMENT. All students taking work toward the B.D. or S.T.B. degree, who have had Greek before coming to the Seminary, will be examined in this field to demonstrate their ability to proceed with New Testament exegesis. The students who pass this examination automatically enroll in the New Testament Greek course. Failure to pass the examination means that the student must enroll for beginning Greek. For those students who have had no Greek, the beginning course must be taken. Full credit is granted to students taking beginning Greek.

EXAMINATIONS AND ABSENCES

Examinations are given at the end of each quarter.

All final examinations must be taken when scheduled unless there is a valid excuse such as illness. A two dollar fee will be charged for all final examinations taken subsequent to the scheduled time. If a grade is returned to the Registrar's office as "Incomplete," a two dollar fee must be paid at the time the work of the course is completed and the grade turned in. No incomplete work can be made up later than four weeks after the close of the quarter.
Students are permitted absences without penalty up to the number of times a class meets each week. After this, excess absences carry a penalty in which one grade point is deducted for each unit of absence equal in number to the hours of credit for the course. Class attendance of at least 75% is required, apart from excusable absences, in order to be eligible to take the examination in any course.

REFUNDS

The Seminary has a refund policy for dropped courses. For courses dropped within the first two weeks the refund is 75%. Between two and three weeks the refund is 50%. Between three and four weeks the refund is 25%.

GRADE POINT SYSTEM

Grade points are assigned on the following basis: for each hour of A—4 points; for each hour of B—3 points; for each hour of C—2 points; for each hour of D—1 point. An average of C must be maintained for graduation for the B.D., S.T.B., or M.R.E. degree. For the Th.M. degree a grade of B is required for each subject taken for credit.

A $3.00 fee entitles the individual to pay one-third at the time of registration and the balance in two equal installments at the end of the fourth week and at the end of the eighth week of the quarter.
GRADUATION

Upon the satisfactory completion of the prescribed course of study as outlined in the curriculum, and a final comprehensive examination (except for the M.R.E. degree) which shall be oral or written, or both, the student will be entitled to graduate, subject to the following conditions:

No degree will be granted on the basis of work which falls below an average of C.

No student will be graduated without at least forty-eight quarter hours of work done in this institution. For the Th.M. degree thirty-six quarter hours of work are required.

Only those students will be graduated from the Seminary whose financial accounts are in a satisfactory condition. The issuance of transcripts is dependent upon all accounts having been paid in full.

A student whose conduct proves unworthy of the standards of Christian character may be adjudged by the faculty as unworthy of graduation, although he has met all requirements of the prescribed course of study.

APPLICATION FOR GRADUATION: Formal application for graduation should be filed with the office of the Registrar at the time of enrollment for the last quarter of residence work. At that time the graduation fee of ten dollars must be paid.

Students pursuing work for the Master of Theology degree should file a formal application for graduation at the time of enrollment for the last quarter of residence work. The conditions for graduation as outlined by the Graduate School Committee and the Department in which the work is taken must be met. No degree will be granted on the basis of work which falls below a B. At the time of enrollment for the last quarter in residence the graduation fee of fifteen dollars must be paid. Thirty-six quarter hours of work must be completed in this institution.
STATEMENT ON PRE-SEMINARY STUDIES

The statement printed below is in line with the recommendations made by the American Association of Theological Schools. The suggestions included should be carefully studied by all candidates for the ministry who have not completed their college training.

I. The Function of Pre-Seminary Studies

College courses prior to theological seminary should provide the cultural and intellectual foundations essential to an effective theological education. They should issue in at least three broad kinds of attainment.

1. The college work of a pre-seminary student should result in the ability to use certain tools of the educated man:

   (a) The ability to write and speak English clearly and correctly. English composition should have this as a specific purpose, but this purpose should also be cultivated in all written work.

   (b) The ability to think clearly. In some persons this ability is cultivated through courses in philosophy or specifically in logic. In others it is cultivated by the use of scientific method, or by dealing with critical problems in connection with literary and historical documents.

   (c) The ability to read at least one foreign language, and in some circumstances more than one.

2. The college work of a pre-seminary student should result in increased understanding of the world in which he lives:

   (a) The world of men and ideas. This includes knowledge of English literature, philosophy and psychology.

   (b) The world of nature. This is provided by knowledge of the natural sciences, including laboratory work.
(c) The world of human affairs. This is aided by familiarity with history and the social sciences.

3. The college work of a pre-seminary student should result in a sense of achievement.

(a) The degree of his mastery of his fields of study is more important than the credits and grades which he accumulates.

(b) The sense of achievement may be encouraged through academic concentration, or through "honors" work, or through other plans for increasingly independent work with as much initiative on the student's part as he is able to use with profit.

II. Subjects of Pre-Seminary Study

The following is regarded by the Association as a minimum list of fields of study with which it is desirable that a student should have acquaintance before beginning study in seminary. These fields of study are selected because of the probability that they will lead in the direction of such results as have been indicated.

It is desirable that the student's work in these fields of study should be evaluated on the basis of his mastery of these fields rather than in terms of semester hours or credits. That this recommendation may help the student faced with the practical problem of selecting courses, however, it is suggested that he take 30 semester courses or 90 semester hours or approximately three-fourths of his college work in the following specific areas:

English—literature, composition, speech and related studies. At least 6 semesters.

History—ancient, modern European, and American. At least 3 semesters.
Philosophy—orientation in history, content and method. At least 3 semesters.

Natural sciences—preferably physics, chemistry and biology. At least 2 semesters.

Social sciences—psychology, sociology, economics, political science and education. At least 6 semesters, including at least 1 semester of psychology.

Foreign languages—one or more of the following linguistic avenues to man’s thought and tools of scholarly research: Latin, Greek, Hebrew, German, French. Students who anticipate post-graduate studies are urged to undertake these disciplines early in their training as opportunity offers. At least 4 semesters.

Religion—a thorough knowledge of the content of the Bible is indispensable, together with an introduction to the major religious traditions and theological problems in the context of the principal aspects of human culture outlined above. The pre-seminary student may well seek counsel of the seminary of his choice in order most profitably to use the resources of his college. At least 3 semesters.

Of the various possible areas of concentration, where areas of concentration are required, English, philosophy and history are regarded as the most desirable.

III. The Nature of this Recommendation

The Association wishes to point out two characteristics of the list of pre-seminary studies it is recommending:

First, this is a statement in minimum terms. We make no attempt to list all the work which it would be profitable for a student to do. It is thus possible to include many other elements in one’s college courses, while still working in what the Association regards as the first essentials.

Second, the emphasis is on a “liberal arts” program because, in the judgment of the Association, the essential foundations for
a minister's later professional studies lie in a broad and comprehensive college education.

IV. The Use of This Statement

1. This statement is being sent as information to all colleges and universities, to church boards of education, and to all theological schools, in the United States and Canada. It supersedes previous statements.

2. This statement is a recommendation; that is, it is not binding upon particular seminaries except in so far as they may wish to adopt it. And each seminary is free to make the statement a part of its own entrance requirements, or not, as it may see fit. This statement, however, or its general equivalent, is now in use in a large number of seminaries as a guide to prospective students in planning their college work, and as a standard for judging the entrance qualifications of applicants for admission.

3. If a particular seminary adds items to this statement or increases its emphasis upon certain items in its own requirements, that seminary is acting fully in the spirit of the purpose and intended use of this statement.

4. The Association recommends to its member institutions that if a student applies for admission from a non-accredited college, either the applicant shall be received on probation, or before admission the seminary shall give a general examination to the applicant on the pre-theological studies as recommended above, and in that case the applicant be received only if the examination is satisfactorily passed.

5. It is suggested that a student lacking the essential requisites in any given area may be directed to make up the deficiencies by additional courses of study in order to qualify as a candidate for the B.D. degree.

The above Statement was adopted by the American Association of Theological Schools in its Biennial Meeting at Berkeley, California, in June 1956.

DEPARTMENTS OF INSTRUCTION

I. The Division of Biblical Literature

Professors Smith, Harrison, Archer, LaSor, Ladd, and Fuller

A. OLD TESTAMENT AND SEMITICS

117. MATERIALS OF OLD TESTAMENT HISTORY. The history of the Old Testament against the cultural and geographical background provided by archaeological and geographical research. This course will be offered each quarter. Any quarter may be selected to fulfill the B.D. requirements in O.T. History. The student should register for "117," and he will be required, in addition to the class work, to complete a survey course in reading and take an examination on the entire Old Testament period. LEGAL FORM OF BEQUEST

I give, devise and bequeath to Fuller Theological Seminary, a corporation, located at Pasadena, California, the sum of $........................................

(or property herein described) to be used by its Board of Trustees as it may deem advisable for the benefit of Fuller Theological Seminary.
LOOKING NORTH FROM TOP OF SEMINARY ADMINISTRATION BUILDING. BELOW: MARRIED STUDENTS' COURT
The expenses at Fuller Theological Seminary are moderate and are kept so by the regular giving of interested Christian people. No student pays the complete cost of his education; substantial sums are sought annually by the Seminary to make up the difference between what the Seminarian pays and the actual cost of operation. We invite you to discharge your stewardship through regular giving, wills, annuities, and scholarships.
