GENERAL INFORMATION

HISTORY OF THE SEMINARY

For nearly a decade God laid upon the heart of Dr. Charles E. Fuller the burden of founding a theological seminary for training able ministers of the new covenant with an emphasis upon missions and evangelism. Hindered in earlier efforts to establish this institution, Dr. Fuller was enabled in 1946 to initiate the project seriously. At that time Dr. Fuller was led to approach Dr. Harold J. Ockenga to take the academic responsibility of organizing the faculty, setting the standards, and preparing the curriculum. Early in 1947 an extended meeting of the two men resulted in completing the plans.

Trustees in full harmony with evangelical Christianity, sympathetic to the aggressive, positive viewpoint of Christian teaching, and ready to blaze a trail of responsible leadership for evangelicals, were prayerfully invited to participate. These included Mr. Herbert J. Taylor of Chicago, Mr. Arnold Grunigen, Jr., of San Francisco, and Dr. R. C. Logfeil of Minneapolis, in addition to Doctors Fuller and Ockenga. Mr. Dean E. Stephan was added to the Board in 1951. In 1954 Mr. Harley R. Walker of Houston, Texas, and Mr. John Bolten of Andover, Massachusetts, became members of the Board.

The charter, including the power to grant degrees, was immediately received from the State of California. The endowment came from the estate of the father of Dr. Charles E. Fuller. The Seminary in its first year comprised four faculty members and a student body of thirty-seven. Classes commenced in September, 1947.

PURPOSE

The purpose of this professional school of higher learning is to offer Christ-centered instruction in any and all subjects pertinent to the gospel ministry, missions (home and foreign), and other related Christian activities.
While the Seminary stresses academic proficiency and strives toward the attainment of high intellectual ideals, the spiritual emphasis remains pre-eminent. It is the purpose of the institution to turn out men who are steeped in the Word of God and whose lives evidence their full commitment to the will of God in word and deed. At no point is the academic life permitted to supersede the spiritual life of the student.

In its emphasis the Seminary is committed to the missionary program of the Bible which envisions the obligation of the Church to take the gospel to the ends of the earth. Evangelism at home, Christian education at home and abroad, as well as an evangelical humanitarianism, are stressed.

Doctrinally, it is the purpose of the institution to stand unequivocally for the fundamentals of the faith as believed by Christians through the ages and as taught in the Holy Scriptures. Consistent with this purpose, the Seminary formulated a statement of faith as expressed in the following propositions, to which every member of the Faculty subscribes at the beginning of each academic year. This concurrence is without mental reservation, and any member who cannot assent agrees to withdraw from the institution.

STATEMENT OF FAITH OF FULLER THEOLOGICAL SEMINARY

I. There is one living and true God, infinite in glory, wisdom, holiness, justice, power, and love, one in His essence but eternally subsistent in three Persons: Father, Son, and Holy Spirit.

II. The books which form the canon of the Old and New Testaments as originally given are plenarily inspired and free from all error in the whole and in the part. These books constitute the written Word of God, the only infallible rule of faith and practice.
III. God sovereignly created the world out of nothing, so that His creation, while wholly dependent upon Him, neither comprises part of God, nor conditions His essential perfection.

IV. God created man in His own image, in a state of original righteousness, from which he subsequently fell by a voluntary revolt, and as a consequence is guilty, inherently corrupt, and subject to divine wrath.

V. Jesus Christ, the eternal Son, possesses all the divine excellencies, being con-substantial and co-eternal with the Father and the Holy Spirit. In His incarnation He united to His divine nature a true human nature, and so continues to be both God and Man, in two distinct natures and one person, forever. He was conceived by the Holy Spirit, born of the Virgin Mary, exhibited His deity by manifold miracles, fulfilled the requirements of the law by His sinless life, suffered under Pontius Pilate, poured out His blood as a vicarious and propitiatory atonement for sin in satisfaction of divine justice, and on the third day was raised from the dead in the same body, now glorified. He ascended into heaven and now, seated at the right hand of God the Father, intercedes in glory for His redeemed.

VI. The Holy Spirit, eternally proceeding from the Father and the Son, through the ministry of regeneration and sanctification applies salvation, guides and comforts the children of God, directs and empowers the Church in fulfillment of the Great Commission, and convicts the world of sin, righteousness, and judgment.

VII. Salvation consists in the remission of sins, the imputation of the righteousness of Jesus Christ, the gift of eternal life and the concomitant blessings thereof, which are a free gift of God, and received by faith alone apart from human works or merit.
VIII. The Church consists of all those regenerated by the Spirit of God, in mystical union and communion both with Christ, the Head of the Body, and with their fellow-believers.

IX. At death the souls of the redeemed are made perfect in holiness and immediately enter into the presence of Christ, enjoying conscious fellowship with Him, there to await the resurrection of the body.

X. The Lord Jesus Christ will return bodily, visibly, and personally to conform believers to His own image and establish His millennial Kingdom. He will judge the quick and the dead and will effect a final separation of the redeemed and the lost, assigning unbelievers to eternal punishment and believers to eternal glory.

LOCATION

Fuller Seminary is located in the heart of downtown Pasadena at Oakland Avenue and Ford Place. Here is the new building which houses the administrative offices, faculty offices, classrooms, refectory, temporary chapel, and the Seminary Library. On the same properties are the single students' dormitories. In other sections of the city are homes for married students. The institution is in the center of a large metropolitan area with outstanding schools of higher learning, libraries, cultural interests, and work opportunities. The climate of Pasadena is ideal throughout the entire school year.

WOMEN STUDENTS

The Fuller Theological Seminary has opened the doors of the institution to women interested in professional graduate theological training. Recognizing the increasing need for adequate training for women in the theological field leading to positions of responsibility in other than the pastoral ministry, the Seminary offers work leading to the Bachelor of Sacred
Theology degree. In the main the course of study required of students working toward this degree is the same as that required for the Bachelor of Divinity degree, except that substitutions are made in place of those required courses directly pertinent to the pastoral ministry. The Seminary does not grant the Bachelor of Divinity degree to women students.

The Seminary also offers a course of study in the field of Christian Education leading to the M.R.E. degree. While this course is generally open to women only, a limited number of men are permitted to pursue work towards this degree. The prescribed course of study in the catalog presupposes that the candidate has already received a Bachelor of Arts degree or its equivalent. The course of study is two years in length.

GRADUATE SCHOOL

Fuller Theological Seminary inaugurated its Graduate School of Theology during the 1950-1951 school year, when students wishing to pursue studies beyond the Bachelor of Divinity degree were enrolled. Although graduate work will be offered later toward the Doctor of Theology degree, the offerings at present have in view only the Master of Theology degree. Announcements of the higher offerings will be made when the Seminary is ready to launch this addition to its projected program. The credit value of studies pursued toward the Master’s degree, when applied toward the Doctorate, will be determined on an individual basis by the department members in the division in which the higher degree is sought.

The Master of Theology degree involves a one-year residence program of studies for a total of 36 hours (12 hours each quarter) in addition to the meeting of specific departmental prerequisites. Of these hours, 24 are to be concentrated in the major department and 12 hours in the minor department. The language requirement for the Master’s degree requires a working knowledge (as evidenced by either class study or by examination) of Hebrew and Greek, and demonstrable working knowledge of an additional language useful in the area of concentration. The residence requirements
must be completed within the three-year period immediately preceding the granting of the degree, except in the case of missionaries on furlough and when special action is taken by the faculty.

Graduate work is offered at present in the Division of Biblical Literature and in the Division of Theology and Christian Philosophy. As soon as possible the graduate work for the Master's degree will be extended into other areas. The major and minor selections may be made within a single division, or the minor may be chosen from some other division in which graduate work is at present offered or when it is offered later. The studies toward the Master's degree offer the candidate a skilled control of a given field of concentration, though not as thorough as the offerings leading to the anticipated Doctor's degree. This ability is to be reflected in the fulfillment of thesis requirement.

The subject of the Master's thesis is to be determined not later than Nov. 15 of the school year in which the degree is to be granted, and is to be approved by (1) the major professor, who will then submit it for approval to (2) the professors in the departments grouped for the division of study, who will then recommend its approval to (3) the Graduate School Committee. The outline is to be approved by the major professor by Dec. 15, the rough draft by March 1, and the final draft by April 1. The thesis will ordinarily be counted for two hours' credit if approved in final form by April 1, although as much as four hours' credit may be given in the event of a thesis involving extraordinary research and originality. The Master's thesis in every case must show a grasp of the problem, familiarity with the authorities and sources, and proper application of research methods. The length of the thesis is to be determined by the nature of the project and consequently will be decided in conference with the major professor. The original and first carbon of the thesis must be deposited with the librarian. A binding fee to cover the cost of binding must be paid prior to graduation.
Graduate students are admitted to candidacy for the Master’s degree on Dec. 15, after meeting the following prerequisites: (1) Satisfaction of the language requirements; (2) Approval by the major professor of the thesis outline.

The course offerings which may be pursued for graduate credit are indicated in the departmental listings for each division in this catalog. Additional information may be procured from the professors in the various departments in which the student may be interested. The course Bibliography and Research Techniques, 947, is required, without credit, of all Th.M. students.

Senior candidates for the Bachelor of Divinity degree may enroll for graduate courses only after they have secured the permission of the instructor in the course and have indicated at the time of registration that the course is being taken for graduate credit. Whether or not such courses, taken for graduate credit, may be applied later toward a Master of Theology degree depends upon the action of the Graduate School Committee when it acts upon the application of the prospective student for admission to the Graduate School.

THE LIBRARY

The Seminary Library owns about 31,000 volumes of which 29,500 are fully processed. The Wilbur M. Smith Library of Biblical Research, consisting of more than 19,000 volumes, which has been legally and permanently assigned to the Seminary, brings the total holdings to over 50,000 volumes of theology and related sciences available to students. In addition to this, other members of the faculty make their libraries available for research purposes. Within the buildings of the Seminary, students have access to more than 65,000 volumes.

The Library subscribes to many important journals in the fields of religion and philosophy, both American and foreign. An unusually fine collection of reference material is being assembled.

Special collections include the Fyens Stiftsbibliothek Collection of European Theology, purchased from Denmark, and the
Dilworth Collection of Catholica and Anti-Catholic Polemic, purchased by Mr. Walter H. Dilworth from the National Club in London and presented to the Library in 1949. These two collections total over 4,000 volumes, and provide a generous sampling of the older European and British works, many of which are not elsewhere available in America. The theological holdings of other libraries in the greater Los Angeles area total over a quarter of a million volumes.

The Seminary’s audio-visual equipment and materials are under the supervision of the Librarian. Fourteen pieces of equipment are available for use by faculty and students. Three tape recorders are used regularly in homiletics, speech, and language courses. The non-book materials section includes representative phonograph records, tape recordings, filmstrips, and museum objects. A collection of pottery pieces from Iraq represents nearly all archaeological periods from the Hassuna to the Hellenistic, and is catalogued by period and level of excavation. The Library has a fine collection of radio transcriptions of The Old Fashioned Revival Hour and television kinescopes of The Old Fashioned Meeting.

The Fuller Library Bulletin is published quarterly by the Library.

DENOMINATIONAL AFFILIATION

The Seminary is independent and not controlled by any particular denomination. It exists as a nondenominational organization with equipment to serve all the evangelical churches in America. The Seminary welcomes any evangelical student from denominational or independent sources providing the student meets the requirements of the Seminary for entrance.

CULTURAL ACTIVITIES

The Los Angeles area is well known for its civic and cultural activities. Academic institutions like the University of Southern California, the University of California at Los Angeles, California Institute of Technology, as well as smaller liberal arts colleges and denominational schools, serve the
people of Southern California. The famed Huntington Library in San Marino is open to the public and makes available rich resources for scholarly research work in numerous fields.

In Pasadena proper, cultural activities in the fields of art, music, and literature provide excellent opportunities for those interested in these arts. The finest talent in America can be heard in Pasadena and Los Angeles. The Los Angeles Symphony Orchestra is well known and plays to thousands of people every year. Exhibits of famous artists, and art instruction provided by the community, are yearly attractions.

Pasadena, the home of the internationally-known Tournament of Roses, annually attracts close to a million people who watch the beautiful parade of flower-bedecked floats on New Year's Day. Pasadena is noted for its splendid homes and gardens, and many estates are opened each year for all to enjoy.

Churches of every denomination care for the religious needs of the region, and during the year Christian leaders from all over America minister to men and women in evangelistic campaigns, special services, lectures, and other meetings.

THE PAYTON LECTURES

In memory of Dr. and Mrs. John E. Payton, the parents of Mrs. Charles E. Fuller, Fuller Theological Seminary instituted the Payton Lectures. The bequest provides for an annual series of lectures by a competent scholar. The lectures must fall within these areas: the uniqueness or confirmation of the historic Christian faith, the confutation of non-Christian or sub-Christian views, or the formulation of Biblical doctrines.

For 1949 the lecturer was Dr. William Childs Robinson, Professor of Ecclesiastical History, Church Polity and Missions, Columbia Theological Seminary, Decatur, Georgia. His subject was Christ—The Bread of Life.

For 1950 the lecturer was Dr. Clarence Edward Macartney, minister of the First Presbyterian Church of Pittsburgh, Pennsylvania. His subject was A Bow At a Venture.

For 1951 the lecturer was Dr. Gordon Haddon Clark, Professor of Philosophy and department chairman at Butler
University, Indianapolis, Indiana. His subject was *The Christian View of Men and Things*.

For 1952 the lecturer was Dr. Oswald T. Allis, Professor of Old Testament History and Exegesis, Emeritus, Westminster Theological Seminary. His subject was *Old Testament Introduction*.

For 1953 the lecturer was Dr. Eugene A. Nida, Secretary for Translations, American Bible Society. His subject was *Cultural Anthropology*.

For 1955 the lecturer was the Rev. John Murray, Professor of Systematic Theology, Westminster Theological Seminary. His subject was *Biblical Ethics*.

**BOOKSTORE**

The Seminary operates a bookstore for the benefit of the students. The store stocks textbooks, supplies, and books of general value to the ministry.

**AFFILIATIONS**

Fuller Theological Seminary is a member of the American Schools of Oriental Research and is also an associate member of the American Association of Theological Schools.

**THE ALUMNI HOMILETICS AWARD**

In 1952 the Fuller Alumni Association voted to give annually the sum of fifty dollars to that member of the Senior Class whose sermons during his course at Fuller shall be deemed the best in content, composition and delivery. The Award will be made at the Annual Commencement exercises.

**VETERANS TRAINING PROGRAM**

The Seminary is cooperating fully with the program of educational rehabilitation sponsored by the Veterans Administration for returning service men. Students seeking enrollment under the "G.I." plan are expected to file an application for entrance in the same manner as other applicants. Application for the benefits of the government program is a separate item.
and should be made directly to any regional office of the Veterans Administration. This applies to P.L. 16, P.L. 346, and P.L. 550.

**PHYSICAL CULTURE**

Students are encouraged to spend sufficient time in physical activities so as to maintain their general health. The Seminary recognizes that a sound mind requires a sound body for maximum spiritual effectiveness. Civic facilities are available close to the Seminary including a swimming pool, tennis courts, golf links, etc. Arrangements include the use of the facilities of the Pasadena Y.M.C.A.

**WORK OPPORTUNITIES**

For students who must provide a portion or all of their own expenses in connection with residence at the Seminary, there are opportunities available for secular work. The Seminary employs some personnel and around the city of Pasadena openings of a secular nature are found. A limited amount of pastoral and other church work is available, some of which is income-producing.

When entering the Seminary every student should have sufficient funds on which to live until he is able to secure gainful employment.

**SCHOLARSHIPS**

The Fuller Seminary Women’s Auxiliary grants a limited number of scholarships for foreign and American students. Each year the women provide, as they are financially able, full and half scholarships which cover the general expenses for a year’s study at the Seminary. Foreign students are eligible for these scholarships prior to admission, but American students are not normally eligible until they have been in residence for one year.

In addition to the half and full scholarships, the Auxiliary provides a number of tuition scholarships for students who have been in residence for a year. All of the scholarships are granted on the basis of need, promise, and Christian maturity.
In 1954 the Leonard A. and Ella B. Lindsell Christian Education Scholarship Fund was created in the amount of $1000.00, the income from which shall be used for scholarship aid for students who expect to enter the field of Christian Education.

STUDENT LOAN FUND

A limited number of student loans are available which are repayable after graduation. There are other limited funds which do not carry with them the agreement to repay at the end of the Seminary training, these being considered as outright scholarship gifts. Loans are made on the basis of need, scholarship, character, and general promise.

FIELD ACTIVITIES

It is the policy of the Seminary to secure Christian service assignments for the students so that they may have the advantage of actual field work at the same time that they are learning the theories and principles underlying the work of the Christian ministry. A practical work department under the guidance and direction of a staff member makes specific assignments to students who do not have any other form of Christian service. Those who come from churches in the Pasadena area or who have found opportunities for Christian service obtained personally, clear their activities through the office of the Director of Practical Work. Every student submits a monthly report of his activities with the results. This field work is supervised so as to insure the maximum benefit for the prospective ministers and missionaries.

MEDICAL PLAN

In 1951 the Seminary revised its medical plan, providing for specialized care. The cooperating physicians offer substantial discounts to the Seminary family as a Christian service. This wholehearted and generous contribution by these physicians has brought to the institution the highest type of professional service available in Pasadena.
Dr. John L. Jackson heads up the medical services and practices general internal medicine. When necessary he refers the students to other members of the staff for medical attention. Included in the group are: Dr. C. E. Carver, Obstetrics-Gynecology; Dr. Carl Doehring, Surgery; Drs. Harry O. Ryan and Ralph E. Netzley, Pediatrics; Dr. Philip A. Anderson, Proctology; Drs. L. G. Hunnicutt and Fordyce Johnson, Ear, Nose and Throat.

CHAPEL

The public spiritual life of the Seminary centers in the chapel. Daily services are held, and every student is expected to attend. The Seminary welcomes to the chapel, and students and faculty are privileged to hear, Christian leaders and missionaries from all over the world. One chapel period each week is devoted to general prayer.

DEGREES OFFERED

Fuller Theological Seminary offers the Bachelor of Divinity degree for men, the conferring of which must be preceded by the attainment of a standard bachelor’s degree on the collegiate level. The Bachelor of Divinity degree is conferred upon the completion of the standard three-year theological curriculum at this institution, or upon completion of at least one year of residence work (in the Senior year) at the Seminary with sufficient transferable credit from some other standard theological seminary or seminaries.

The Bachelor of Sacred Theology degree is offered for women upon completion of the standard theological curriculum with the exception of certain courses (like Pastoral Theology), for which substitutions are made. The conferring of this degree must be preceded by the attainment of a standard bachelor’s degree on the collegiate level.

The Master of Religious Education degree is offered for women and men upon completion of the required curriculum. The conferring of this degree must be preceded by the attainment of a standard bachelor’s degree on the collegiate level.
The Master of Theology degree is offered for students who hold the bachelor's degree on the collegiate level and also the Bachelor of Divinity degree or its equivalent from a standard theological seminary. This degree is conferred upon completion of the requirements as outlined elsewhere in the catalog. However this degree is not granted simply upon completion of course requirements, but includes the acceptance of a thesis demonstrating that the student can handle original research problems to the satisfaction of the faculty.

TERMS OF ADMISSION

APPLICATION. A student desiring admission to the Seminary must file a formal application with the Registrar. Application should be made as early as possible. No student will be admitted later than two weeks after the opening of any quarter.

CREDENTIALS. In order to be enrolled as a student in the Seminary, the following credentials must be presented to the Registrar:

1. A college or university transcript from an accredited institution indicating the completion of a regular collegiate program of study. The collegiate standing is to be above average.

2. GREEK REQUIREMENT. All students taking work toward the B.D. or S.T.B. degree, who have had Greek before coming to the Seminary, will be examined in this field to demonstrate their ability to proceed with New Testament exegesis. The students who pass this examination automatically enroll in the New Testament Greek course. Failure to pass the examination means that the student must enroll for beginning Greek. For those students who have had no Greek, the beginning course must be taken. Half credit is granted to students taking beginning Greek. For those students taking advanced Greek it is recommended that they commence their first year of Hebrew in the Junior year, particularly if they wish to study Hebrew for three years.
EXAMINATIONS AND ABSENCES

Examinations are given at the end of each quarter.

All final examinations must be taken when scheduled unless there is a valid excuse such as illness. A two dollar late fee will be charged for all final examinations taken subsequent to the scheduled time. If a grade is returned to the Registrar’s office as “Incomplete,” a two dollar fee must be paid at the time the work of the course is completed and the grade turned in. No incomplete work can be made up later than four weeks after the close of the quarter.

Students are permitted absences without penalty up to the number of times a class meets each week. After this, excess absences carry a penalty in which one grade point is deducted for each unit of absence equal in number to the hours of credit for the course. Class attendance of at least 75% is required in order to be eligible to take the examination in any course.

REFUNDS

The Seminary has a refund policy for dropped courses. This policy conforms to that prescribed by the Veterans’ Administration.

Upon the satisfactory completion of the prescribed course of study as outlined in the curriculum, and a final comprehensive examination (except for the M.R.E. degree) which shall be oral or written, or both, the student will be entitled to graduation, subject to the following conditions:

No degree will be granted on the basis of work which falls below an average of C.

No student will be graduated without at least forty-eight quarter hours of work done in this institution. For the Th.M. degree thirty-six quarter hours of work are required.

Only those students will be graduated from the Seminary whose financial accounts are in a satisfactory condition.

A student whose conduct proves unworthy of the standards of Christian character may be adjudged by the faculty as unworthy of graduation, although he has met all the requirements of the prescribed course of study.

APPLICATION FOR GRADUATION: Formal application for graduation should be filed with the office of the Registrar at the time of enrollment for the last quarter of residence work. At that time the graduation fee of ten dollars must be paid.

Students pursuing work for the Master of Theology degree should file a formal application for graduation at the time of enrollment for the last quarter of residence work. The conditions for graduation as outlined by the Graduate School Committee and the Department in which the work is taken must be met. No degree will be granted on the basis of work which falls below a B average. At the time of enrollment for the last quarter in residence the graduation fee of fifteen dollars must be paid. Thirty-six quarter hours of work must be completed in this institution.
STATEMENT ON PRELIMINARY STUDIES

The statement printed below is in line with the recommendations made by the American Association of Theological Schools. The suggestions included should be carefully studied by all candidates for the ministry who have not completed their college training.

I. The Function of Pre-Seminary Studies

College courses prior to theological seminary are not ends in themselves, but are means toward the realization of certain ends without which a minister is handicapped. The college work of students looking to the ministry should issue in at least three broad kinds of results. We may expect that these results will tend to be realized through certain kinds of college work. We state the kinds of results, together with the types of courses and other experiences which should tend to produce such results.

1. The college work of a pre-seminary student should result in the ability to use certain tools of the educated man:

   (a) The ability to write and speak English clearly and correctly. English composition should have this as a specific purpose, but this purpose should also be cultivated in all written work.

   (b) The ability to think clearly. In some persons this ability is cultivated through courses in philosophy or specifically in logic. In others it is cultivated by the use of scientific method, or by dealing with critical problems in connection with literary and historical documents.

   (c) The ability to read at least one foreign language, and in some circumstances more than one.

2. The college work of a pre-seminary student should result in acquaintance with the world in which he lives:

   (a) The world of men and ideas. This is aided by familiarity with English literature, philosophy, and psychology.
(b) The world of nature. This is aided by familiarity with the natural sciences, including actual laboratory work.

(c) The world of human affairs. This is aided by familiarity with history and the social sciences.

3. The college work of a pre-seminary student should result in a sense of achievement.

   (a) The degree of his mastery of his fields of study is more important than the credits and grades which he accumulates.

   (b) The sense of achievement may be encouraged through academic concentration, or through "honor" work, or through other plans for increasingly independent work with as much initiative on the student's part as he is able to use with profit.

II. Subjects of Pre-Seminary Study

The following is regarded by the Association as a minimum list of fields of study with which it is desirable that a student should have acquaintance before beginning study in seminary. These fields of study are selected because of the probability that they will lead in the direction of such results as have been indicated.

It is desirable that the student's work in these fields of study should be evaluated on the basis of his mastery of these fields, rather than in terms of semester hours or credits.

But many institutions use the latter methods of calculation. Therefore, in connection with the fields, we indicate what seems to us the minimum for each, putting the minimum in terms of semesters and semester hours.

It is suggested that a student should acquire a total of 90 semester hours or complete approximately three-fourths of his college work in the areas listed on the following page.

CONCENTRATION

Concentration of work, or “majoring,” is a common practice in colleges. For such concentration or major, a constructive sequence based upon any one, two, or three of the above fields of study would lead up naturally to a theological course.
