SOS...SAVE OUR SILVERWARE! Please refrain from taking silverware out of the Refectory area. Our culture frowns on extensive finger feeding. RDC

COFFEE DRINKERS UNITED: "We solemnly pledge to use plastic caps on our styrofoam cups any time we carry-out coffee from the Refectory recognizing that this will (a) maintain the British Thermal Units in the coffee (b) preserve the level of liquid in the cup rather than on the fingers of the transporter and (c) relieve the work load on our valiant custodial crew in cleaning up after the drips."

Extracted from the minutes of the local society of CDU by Kofe Bean, Sec'y.

NOTE: The caps are adjacent to the styrofoam cups at the coffee bar. RDC
