"In a supernatural cause, resting on a supernatural charter, led on by an omnipotent leader, with all His supernatural power pledged to its support on the conditions of consecration and prayer on the part of its human agents, a neglect of prayer is a denial of the Lord's leadership and a wilful limitation of success. For in all the missionary work of God, to take no wider ground—if there be any wider ground—all success and guidance are consequent only upon prayer."  

Robert E. Speer
