"Delayed answers to prayer are not only trials of faith, but they give us opportunities of honoring God by our steadfast confidence in Him under apparent repulses."

C. H. Spurgeon.

HELP! The Daisy Nursery School in Japan needs your help. Can you give crayons, pencils, nursery picture books, coloring books, scotch tape, small toys, training panties, nylon hose to be used for making nursery chair seats, sacred records for broadcast use, or hard candy for the children? This school is under the leadership of Mrs. Daisy Nakada, a friend of Mrs. Harrison. She has 110 children of working mothers to care for between 2 and 5 yrs. old for 10 to 12 hours a day. Her present building accommodates 48 children. The need for supplies is urgent. This is a Philothean project but we welcome the help of all. We are also asking each wife to give 50¢ if possible that we might buy jello, cake mix, soup, puddings, cocoa, and coffee for the nursery pantry. This money may be given to Helen Twigg or Wilma Warburton, or put in the special box at Philothean meetings. The other gifts may be put in the box in the hall across from the book store.

NOTICE TO STUDENTS RE PRACTICAL WORK - During the past few weeks I have not been able to fill the need of some 25 local churches who were requesting the services of students for various types of work in their respective churches. Some of this number were churches who had never previously contacted us for help, and I was indeed sorry that it was necessary to inform them that we could not help them at the present time.

I realize that a number of these churches were located miles from Pasadena and there was a problem of transportation and time involved. However, I do feel that there are a number of students who are not engaged in any kind of field work who could be teaching Sunday School classes, youth work, etc.

It is essential that students obtain much experience and training in practical work during their Seminary years. Many times throughout the year we are called upon to furnish letters of recommendation in the matter of placement of our graduates and there are always a number of cases where we are not able to give the type of a recommendation that would be sufficient for consideration of the inquiring church, in view of the inadequacy of training or experience in certain types of Christian work on the part of the graduate.

We do want to help you in any way that we can. We are not always able to secure the type of work and the location that you specify, but we will do the best we can. I do covet your prayers that God will give me knowledge and wisdom in filling the openings that come to our attention. I am deeply concerned about your future and the work in which a door will be opened eventually to each one of you in the Christian ministry. D. F. Cox
