NEW HOURS FOR AFTERNOON CLASSES: Commencing today, afternoon classes will begin at 1:30 p.m rather than at 1:15. Kindly observe this change which will be standard operating procedure for the rest of this year. The change is being made at the request of the Student Liaison Committee ---Harold Lindsell, Dean.

CHAPEL CUTS: Students are reminded to report chapel cuts within 8 hours after the cut. --Dean Granberg.

ABSENCES Regarding excused absences, beginning today students will be expected to report their own excuseable absences in writing to the Registrar within 48 hours after returning to the campus. It will no longer be necessary to apply to the Dean of Students except in unusual instances.

TUITION RATES: As part of our effort to balance our budget here at the Seminary, the tuition will be raised to $200 beginning with September, 1956. I regret that this is necessary, but inflation and the general rise in costs force the institution to find additional income if it is to balance its budget. Running a first-class school is an extremely expensive proposition. Provision will be made for those whose destitution makes it impossible for them to meet this additional cost in their Seminary education.---President Carnell

RECEPTION DESK: Several instances have been noted lately where students have gone over the counter in the lobby to gain access to the mail boxes from the rear. For the record--the lobby reception area--desk, switchboard, mail box service area, etc.--are off limits to student personnel at all times, except when specific permission has been given and only while the switchboard operator is in attendance.---R.D.Curley

LIBRARY FINES: As the new quarter opens it might be a good idea to re-read the new Library Manual. Fines have gone up this year!!
