World Council of Churches: "My eyes were moist as my voice joined with nearly 2,000 others in the crescendo with which the Nicene Creed closes: I believe in the resurrection of the body and the life of the world to come. It was not the number but the variety of the voices that moved me - Russian Orthodox, Brazilian Pentecostals, followers of the prophet Simon Kinbangu, Finnish Lutherans, bishops of the Mar Thoma church of India, a woman politician from Mozambique, an excongressman from Samoa, a housewife from Australia." (Excerpt from D. A. Hubbard release, December 22, 1975). Tuesday evening, February 17, at 7:30 p.m. you will have an opportunity to hear President Hubbard share his views on "An Evangelical's Response to the 5th Assembly of the World Council of Churches." The meeting is open to the Pasadena community and will be held in the First Congregational Church, corner of Los Robles and Walnut. Panel responders will include Professor Jack Rogers, SWM Associate Elias Cheng, the Reverend Vahe Simonian of Pasadena Presbyterian Church, and D.Min. candidate Robert Vander Zaag, pastor of Bethany Church in Sierra Madre. Also there will be opportunity for questions from the audience. Coffee will be served subsequently in the Refectory.

Students with parking stickers have recently noted that spaces in the Walnut-Oakland lot are not available. This seems to be attributed to use of the lot by individuals without permits. As a reminder, parking violations in this lot will be ticketed for the next few weeks.

We are looking for one or two students interested in assisting in a research project within a local church in the San Fernando Valley. We want to determine what personal changes occur for an individual as he or she lives the Christian life daily. This research involves an individual's personal growth in a variety of church related settings. If you are interested in this project, which could serve as a master's research project, leave your name, phone number, and the hours you can be reached in the Mailroom addressed to Larry Ferguson, Ph.D., Church Consultation Service.

OLD AGE: What is the beauty of old age? What are the problems? Are there opportunities for the elderly? How can you plan for old age? In what way can you assist the elderly? A two unit course in gerontology, the study of the aging, will be conducted during the Spring Quarter by Larry Ferguson, Ph.D. We will be studying various aspects of the aging process to equip each person to work for and with the aging. This course is cross listed in both theology and psychology. Won't you join us as we study the issues around this important and often neglected segment of our population?

Concerned about how you can respond to the thousands of starving people in the world without selling everything you have? A Bread Loaf on your dinner table would remind you daily to offer a coin and a prayer to relieve that tremendous suffering. Sign-up for one in the rear of the Refectory today.
