APER: Keep on saving your newspapers for the one BIG DAY OF RECYCLING coming up on April 2nd. That is the very first Saturday at the end of our first week of Spring Quarter. This is just one day shot so if you can't bring your newspapers to the corner of Euclid and Walnut, north corner (vacant lot) on April 2nd please arrange for a friend of yours to bring it. No need to bundle it--just throw it into the 20 ton dumpster. The funds earned will go to The Foreign Student Fund which is always short of badly needed cash. Maholo much, Dana Clevenger.
WATER: With water in such short demand here are some helpful hints on how to keep it from
getting any shorter:

1. Fill up a plastic bottle or container and place it in your toilet tank, and you'll use
   less water.
2. There are $23.00 kits that one can buy to insulate your water heater. They really work
   and you should either check with the Gas Company or the Consumer Reports Magazine. If your
   water heater is hot or warm to the touch then the insulation built into it is not doing the job.
3. There are extra fixtures that one can buy from the Gas Company that will cut down on the
   amount of water that is released per minute from your shower head or sink head.
4. Turn down the major valves that are under your sinks and faucets.
5. Take quick showers and you can save by first wetting yourself, turn off the shower and
   lather up and then turn on the shower again and rinse off -- do it quickly or you'll freeze to
deat.
6. Wash your dishes in the sink instead of the automatic dishwasher.
7. Use the old bath water for watering the plants around the house.
8. Have a bucket handy to collect and save the water while you let it run till the hot
   water comes out.
9. Hand water your lawn instead of using the sprinkler system.
10. Alternate showering and use a washcloth to wash yourself up in the sink -- but don't
    forget to get behind your ears!
11. Use a liquid spray cleaner when cleaning the walls and then you won't have to rinse it
    off with clean water.
12. When washing your car always use a bucket of water instead of just allowing the hose to
    just run and run while you are washing it.
13. When brushing your teeth be sure and use a cup and don't let the water just run down the
    sink.
14. When shaving fill the sink up with hot water instead of letting it just run down the

All night course finals will be scheduled the same night as the class meets.

8-12 unit language courses in the evening will have their final on Monday evening.

8-12 unit language courses in the morning will have their final on Monday from 8:00-12:00.

8-12 unit language courses in the afternoon will have their final on Monday from 1:00-5:00.

Any student with three or more exams scheduled on the same day may petition the Dean's office to have the third (and/or fourth) exam rescheduled.

Unless otherwise notified, all finals will be held in the same classroom in which the class met during the quarter.
TO COMPLY WITH THE RECENT ACTION OF THE STUDENT COUNCIL: registration time for each student will be assigned each quarter in order of the total number of units accumulated. This means that priority numbers are being dropped.

REGISTRATION PRIORITY SYSTEM
1. Each quarter students will be placed in a priority level on the basis of the degree program in which they are registered and the total number of units taken, according to the following chart:

   I. M.Div. students with 96-144 units
      Psychology M.A./PH.D. students with 144+ total units.
   II. Psychology M.A./PH.D. students with 96-144 total units.
   III. M.A. students with 48-96 units.
   IV. M.Div. students with 48-96 units.
   V. Students with less than 48 units.

2. Each quarter students will be ranked within the priority level on the basis of total number of units completed.

3. Within each priority level students with the same number of units completed will be ranked in alphabetical order.

REGISTRATION - WAITING LIST POLICY
If a student places his/her name on the waiting list for any class, he/she will automatically be registered in that class if space becomes available. A notice informing the student of this action will be placed in the student's mail box. If he/she has decided not to take the subject, it will be necessary for that student to come to the Registrar's Office to complete a DROP form which will carry with it the regular processing fee charge.

ELIGIBILITY TO ATTEND CLASS POLICY
Every course offered at Fuller has a maximum number of seats limited by the size of classrooms available. Students are eligible to attend a class if they are registered either as a regular degree student, an unclassified student, or an auditor (provided that space is available). Once a class is filled all requests for the class are placed on a waiting list and students are added according to their position on the list. Auditors are added only if space is available after all credit persons are enrolled. All registration for courses must take place in the Registrar's Office. Individual faculty members may not grant a student permission to enter a class. However, a student may petition the Dean for permission to enter a closed class.

STUDENTS WHO HAVE NOT REGISTERED FOR CREDIT OR AUDIT ARE NOT ELIGIBLE TO ATTEND CLASS SESSIONS.

AUDIT POLICY
All theology classes are open for auditors as space permits unless the professor for the class has had a statement to the contrary included with the course description in the Expanded Course Description book. Auditing normally does not occur in the School of Psychology. Exceptions to this policy should be negotiated with the Dean. Audit requests for courses in the School of World Mission should be approved by the Dean.
