OUT COMPUTER PRINTOUTS for Spring Quarter registration -- We have put printouts of spring quarter in the mailboxes of the students with a request for verification. However, we have found that our programmer did not mention to the Line Printer the fact that Waiting Lists were to be included. So, if you were on a waiting list for any class your printout will not include that class, but this does not mean you are registered for that class. Only when you receive a Green 5 x 8½ form telling you that you have been put into that class placed in your mailbox can you feel for sure that you have gone into the class. (Feel free to come to check the Registrar's Office also if you fear you might not have received the notice in your mailbox, but were put into the class.)

L STUDENTS: A computer printout of your class schedule for spring quarter should reach you through your mailbox. If you did not receive one, maybe it is because you have not had a mailbox assigned you. Inquire at the window in the mailroom. They should have the printout here for you.
