REFERENCE ROOM OF THE LIBRARY CLOSES TUESDAY AND WEDNESDAY

Due to construction, the library regrets that it must close the Virginia Weyerhaeuser Reading Room which contains the reference collection for two days this week (Tuesday, February 7 and Wednesday, February 8, 1978). There will be absolutely no access to reference books for those two days as we must rearrange the reference collection to make way for construction activity. There is a slight possibility that we may reopen the reference room Wednesday, February 7 at 4:00 p.m. We are heartily sorry to cause this inconvenience, but we thought it better to close now rather than later on in the quarter. If you have any questions or problems, see Tom Gilbert in the library.

HN CONNER, MODERATOR of the United Presbyterian Church in the USA will be the guest speaker at Chapel, Thursday, February 9. Following chapel, the Moderator will meet with the Presbyterian students in the Sanctuary of the Presbyterian Church until noon. It will be an excellent opportunity to meet this church leader and "rap" with him about the Presbyterian Church and its role in American society and in the spread of the Gospel.

r. Arthur Rouner, last month's Pastor-in-Residence, sends grateful thanks to the Fuller community for your loving welcome to him and to Molly. He asks your PRAYERS and your ACTION on behalf of the Senate's ratification of our new Panama Canal Treaties. Arthur was part of the consultation in Washington in November and believes America's whole stance of leadership and human concern for small countries and small people is at stake in this issue, and that or the future safety of the Canal itself, for America's right to use it, for the de-fusing of mounting Central American anger with the United States, and for a positive moral position on human rights, the Treaties are critically important. Most of the Senate's mail has raged "keeping" the Canal (as if we owned it!). The Senate still needs to hear from those who support a positive American leadership in this hemisphere and the world. Letters from Fuller's students and faculty to their home senators this week could help insure the Treaty'sassage.
