DAY OF PRAYER FEATURES REPORT OF NEW EMPHASIS
OF FULLER THEOLOGICAL SEMINARY

Special Word From Our President

May I encourage members of the Seminary community to join together on Wednesday, April 26, 1978 for the Spring Quarter Day of Prayer. The classes for the morning hours will be cancelled.

All offices will be closed from 11:00-12:00 a.m. in order that the staff can join the faculty and students in the sanctuary of the Pasadena Presbyterian Church. At that time, we will hear the report of the Spiritual Life Committee, as endorsed by the joint faculties, concerning the direction of spiritual formation at Fuller in the years ahead. Recommendations included in the report will provide guidelines for our mutual support of one another as we give increasing personal and community emphasis to spiritual formation.

We are grateful to God for the committee and for the leadership of our colleague, Robert Munger, in the preparation of this report.

Will you join with me in prayer that our Lord's name will be honored as we meet together on April 26.

David Allan Hubbard

Goal: Attendance of every member of seminary community.

After three years of prayerful consideration, Joint Faculty has voted guidelines and a plan for strengthening personal and spiritual development of the Fuller community. This action may very well prove to be one of the most significant steps our institution has taken. The action of Joint Faculty with back-up materials will conclude the morning of prayer, 11:00-12:00 a.m., Wednesday, April 26.

Since that which is proposed calls for the participation of everyone of us--faculty, administration, students and staff--it is most important that we all be present. Your frank evaluation and wholehearted cooperation are essential for the realization of a deepened sense of the presence of God in our midst. We urge you to not only be present yourself, but to help make sure that every member of the Fuller Community is on hand. Join in prayer with us that together we may take a strong step forward in united purpose for the glory of God.

If all goes well then the next step will be to go to the hospital board for approval. The meetings have been delayed due to hospital personnel being on vacations.

SPIRITUAL LIFE COMMITTEE - Powell reported that the committee decided to recommend the hiring of a Director of Spiritual Life for Fuller. This decision has been approved by Joint-Faculty Committee. Currently a committee is being formed to search for such a person. Also funding is being sought. It is their desire that the entire Fuller Community be involved and therefore Dr. Munger has requested to have the entire Seminary community at the Chapel on the Day of Prayer. Therefore, they are requesting that Student Council move to close the Catalyst during this hour. It was moved by Powell, seconded by Gibson and unanimously passed to close the Catalyst during the Chapel Hour on Wednesday, April 26.

PROJEC'T AND SERVICES COMMITTEE - McClure reported that this will be the second new committee formed this year. Its function will be to monitor all projects and services. Services included this quarter are the Book Sale. Therefore, work which can be dealt with outside of Council will be delegated to this committee and then they will bring their proposals to Council in a written form. The treasurer and a representative from each school will sit on the committee. Monday, April 12 at noon will be their first meeting.

HUMAN CONCERNS REPORT - Mills read a letter from the Human Concerns Committee to Dr. Smedes and the Academic Affairs Committee requesting an additional core group requirement in the area of justice. Discussion followed and it was moved, seconded and unanimously passed that Student Council would endorse this letter to the Academic Affairs Committee, pending the rewording of sentence 5 of paragraph three.

Applications for next year's Advisor positions are now available in the Advising Office, upstairs in Building 120. They must be completed by April 30th. Interviews will take place in May.

ETERANS! In answer to questions re Summer Quarter, here is clarification.

. What is intersession pay? This is money received for the period between quarters. If veteran/dependent so chooses, s/he can receive education benefits for the period between Spring Quarter and summer enrollment provided the first summer class begins before the end of July. S/he is eligible to receive benefits for the period between summer enrollment and he Fall Quarter if there is enrollment in a course which meets during August and enrollment in the Fall Quarter.

. Should you notify the vet rep of your summer plans? Yes! Summer certification is separate from certification for the rest of the year. Those receiving benefits for summer study should report any changes in enrollment to the vet rep by leaving a note in the Registrar's office. Thanks. Rich Mohr

THE THREE FACES OF EVE
One of the most poignant and powerful psychological stories ever filmed, this movie relates the true tale of one woman with three separate and divergent personalities. Joanne Woodward is stunning as the triple character Eve, undergoing transformations that are striking in their subtlety and believability. Directed in near-documentary fashion, this is an effective and provocative delineation of a patient and her psychoanalytic experience. Lee J. Cobb portrays the psychiatrist, carefully exploring Eve's psychosis and attempting to make her aware of its cause. In a way, this is a detective story, but unique in that the "crime," clues and solution lie completely within the patient, Eve. Joanne Woodward won an Oscar for Best Actress for her convincing performance. Though many psychological dramas involving "split personalities" have followed, this is the original, best, and least sensational of them all.
Our sympathies are extended to Rob and Lynell Caudillo on the passing of Rob’s father on Thursday, April 13, in Fresno.
