5,000 people are dying today of hunger! Does that mean anything to you? Is it just another凄illing statistic or an omen of grief-stricken reality? If you would like to respond, even in the slightest way, to this gnawing devastation you are encouraged to write letters of protest, petition and recommendation to your Congresspeople, President, etc. regarding a multiplicity of hunger-related issues such as (1) fair trade policies, (2) full employment, (3) the boycott of Nestles, and (4) a World Peace Tax Fund. The Committee for Human Concerns is anxious to help you in a letter-writing endeavor. We will be in the garth and/or at the Catalyst on Mondays and Tuesdays to help. Please take a moment out of your day to say "I care about the hungry." Thank you. Human Concerns Committee
