**Excellent Rapid Reading Course**

Would you like to read two, three or four times faster? Increase comprehension of what you read? Improve retention and recall of information? Learn to skim and scan? Learn to mark a book? All this in just six hours?

The School of World Mission is sponsoring a rapid reading seminar on Saturday, October 25 from 9 a.m. to 4 p.m. in Payton 101. Olan Hendrix, a friend of the Seminary, will teach the AGP (Achieving Greater Proficiency) Rapid Reading Course. In just six hours you will learn to read every word more quickly and with greater comprehension. You'll learn to overcome three common bad reading habits: regression (looking back at something already read), vocalizing (silently or audibly pronouncing words as you read), and word-by-word reading. Using the latest in learning techniques, you'll learn basic reading skills like word grouping, forced pacing, and increased peripheral vision. There are no complicated reading machines — just fundamental rapid reading principles. And you'll learn to continue your personal skill development long after the classroom study has ended. The seminar costs just a fraction of what you'd expect to pay for other nationally-advertised "speed reading" programs that take six to twelve weeks to achieve results. All materials are provided with the exception of a pencil.

Mr. Hendrix is extending a very special price to the Seminary community. Rather than the usual $36 per person, F.T.S. people will pay only $25 for the first family member, and $12.50 each for spouse and/or children 13 years of age or over. Enrollment will be limited to the classroom size. You will not want to miss this opportunity!

The class will begin at 9:00 a.m., and it is suggested that you arrive at 8:45 in order to check in. There will be an hour off for lunch. Feel free to bring a sack lunch. Coffee and tea will be served free of charge in the morning and afternoon breaks.

Register now for this class that will help you for the rest of your life. We received many excellent comments on the seminar last year, and every evaluation sheet stated that this should be offered annually — some thought it should be required! Best results for this seminar are achieved when the student is fluent in English. Please keep the top part of this sheet, since once you sign up you will not be receiving any reminders, but it is up to you to show up for the check-in and a good seat on Oct. 25 at 8:45 a.m. Remember to bring along a pen or pencil.
