COMMUNITY ANNOUNCEMENTS

Congratulations to Dan and Elizabeth Glaze on the birth of Laurel Beth who was born on October 5, 1980.
The University of Alabama's Crimson Tide continues its inexorable march to a 4th straight national championship as it squelched another major Collegiate football power this past weekend. Here is what some FTS people are saying about the "Terrible Tide":

- Bob Kelly (Assistant Director, Student Services): "I am glad they are not in the PAC 10. They are just too good for us!"
- Mel Robeck (Director, Student Services): "Quite frankly, I think it would devastate USC if the Trojans had to play Alabama every year."
- Betty Means (Secretary, Student Services): "Year in and year out, they are the best I've seen."
- Sue Ware (Academic Advising): "I am a Bruin fan, but I cringe when I think about what would happen if UCLA had to play Alabama and that "Bear" Bryant this year!"

These are just a few of the people who have designated me as their representative to cheer the Crimson Tide on to victory during Alabama's Homecoming game on Oct. 25. I will be in Alabama from the 20th to the 26th of October. Please contact Steve Murray, Box #82, 793-2991 or Quinn Fox, Box #583, 449-2322, concerning all ASC related matter.

Excellent Rapid Reading Course

Open to all students, professors, staff and their families!

Saturday, October 25, 1980
9:00 a.m. to 4:00 p.m.
Payton 101

Sponsored by the School of World Mission

Would you like to read two, three or four times faster? Improve comprehension of what you read? Improve retention and recall of information? Learn to skim and scan? Learn to mark a book? All this in just six hours?

The School of World Mission is sponsoring a rapid reading seminar on Saturday, October 25 from 9 a.m. to 4 p.m. in Payton 101. Olan Hendrix, a friend of the Seminary, will teach the AGP (Achieving Greater Proficiency) Rapid Reading Course. In just six hours you will learn to read every word more quickly and with greater comprehension. You'll learn to overcome three common bad reading habits: regression (looking back at something already read), vocalizing (silently or audibly pronouncing words as you read), and word-by-word reading. Using the latest in learning techniques, you'll learn basic reading skills like word grouping, forced pacing, and increased peripheral vision. There are no complicated reading machines -- just fundamental rapid reading principles. And you'll learn to continue your personal skill development long after the classroom study has ended. The seminar costs just a fraction of what you'd expect to pay for other nationally-advertised "speed reading" programs that take six to twelve weeks to achieve results. All materials are provided with the exception of a pencil.

Mr. Hendrix is extending a very special price to the Seminary community. Rather than the usual $36 per person, F.T.S. people will pay only $25 for the first family member, and $12.50 each for spouse and/or children 13 years of age or over. Enrollment will be limited to the classroom size. You will not want to miss this opportunity!

The class will begin at 9:00 a.m., and it is suggested that you arrive at 8:45 in order to check in. There will be an hour off for lunch. Feel free to bring a sack lunch. Coffee and tea will be served free of charge in the morning and afternoon breaks.

Register now for this class that will help you for the rest of your life. We received many excellent comments on the seminar last year, and every evaluation sheet stated that this should be offered annually -- some thought it should be required! Best results for this seminar are achieved when the student is fluent in English. Please keep the top part of this sheet, since once you sign up you will not be receiving any reminders, but it is up to you to show up for the check-in and a good seat on Oct. 25 at 8:45 a.m. Remember to bring along a pen or pencil.
