International Students - Good Neighbor

Serve the world here at Fuller Theological Seminary. The Good Neighbor program offers an opportunity to express and experience Christ’s love with international brothers and sisters here at Fuller. It gives you an opportunity to pray with, minister to, and introduce an international student to the American Culture. It also enables you to learn about different cultures, different languages, different peoples, and different countries without having to travel outside the United States. In no way are you making a financial commitment when you become a Good Neighbor. Here’s what some members of our Fuller community have experienced in being Good Neighbors:

Nancy McRae: “Showing interest in an international student or couple has meant a lot to me as I develop new friendships.”

Anita Becker: “The Good Neighbor program has allowed us to fully experience what it means to be a part of the family of God and we have enjoyed the gift of new friends in Christ.”

Al Jepson: “I have learned so much from international students, about their culture, language and their church. I have also enjoyed an opportunity to share our American Culture with them. My family and I have had international friends from Fuller for the past 15 years.”

If you would like to know more about the Good Neighbor program, please pick up a brochure from the International Student Services office, and/or contact the Good Neighbor program coordinator, Gerry Day, at (213) 257-2904.

Ask Bridge to Sobriety

A regular Q/A column of this paper. Please send your questions to us c/o the SEMI. Thanks!

Dear Ask, What causes the disease of chemical addiction? - MS

Dear MS, Extensive research has not revealed a single certain cause. Chemical addictions have a complex and varied etiology. Factors influencing development include genetics, family dynamics, social pressures, and each person’s unique spiritual and psychological make-up. The disease also includes the actual use of alcohol or other mood-altering chemicals.

Dear Ask, I heard there is nothing you can do for an alcoholic or drug addict unless they decide they want help. Is that true? - Worried

Dear Worried, That is not true. Waiting until they “hit bottom” on their own could mean waiting too long. Instead, an intervention can be planned. It is wise to get professional help for this, since those who are closest to the addict are the most susceptible to their manipulations and deceptions. An intervention is an organized way to help the person face the truth so they can begin to be set free.
